# QUICKSCENTS™ PACKETS

## WHY QUICKSCENTS?

QuickScents packets are formulated to respond to changing levels of waste and temperatures based on the amount of active ingredients in each formula. QuickScents Plus has higher levels of active ingredients and is a great solution for high heat, heavy traffic situations. For moderate conditions, use QuickScents Regular, and if the weather cools down or you are doing same day service for a special event, use QuickScents Event.

***There is a QuickScents packet designed for every situation!***
